DETAILED ACTION

Claims 2-17, 19-30 and 39-46 are being considered on the merits.

Reissue oath/declaration

The reissue oath/declaration filed with this application is defective because the error which is relied upon to support the reissue application is not an error upon which a reissue can be based. See 37 CFR 1.175(a)(1) and MPEP § 1414.

It is noted that the product claims 31-33 are cancelled. The reissue oath is directed to a failure to claim "water soluble derivatives of nordihydroguaiaretic acid, as recited in new claims 30-33". It is noted that "derivatives" in this context clearly suggest product claims. The claims in this application are not directed to products, but rather to processes.

As to claim 30, it is directed to the use of a specific water soluble derivative of nordihydroguaiaretic acid in a specific process. This is not the same as failure to claim "water soluble derivatives of nordihydroguaiaretic acid" as indicated in the oath.

In accordance with 37 CFR 1.175(b)(1), a new reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 2-17, 19-30 and 39-46 rejected as being based upon a defective reissue oath/declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."

In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

No claim is allowed.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after

Art Unit: 1651

the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
